What does 'Sound' mean?

Soundness may be considered in this context within its ordinary meaning of 'fit for purpose' and 'showing good judgement'. The Inspector will use the Public Examination process to explore and investigate the plan against the National Planning Policy Framework's four 'tests of soundness' listed below. The scope of the Public Examination will be set by the key issues raised by responses received and other matters the Inspector considers to be relevant.

What makes a Local Plan "sound"?

Positively prepared - the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development.

Justified – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence.

Effective – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities

Consistent with national policy – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework

CPRENorthYorkshire does not believe that the minor change to this policy renders it unsound and thus remains supportive of the policy in principle. The recognition of changing agricultural practices and land-based activities is welcomed and the need to allow some flexibility to allow appropriate diversification is encouraged. Of particular welcome, is the reference of the need to ensure that self-catering holiday chalets do not become permanent residential homes located within areas which would not usually receive planning permission, therefore the promoted use of occupancy conditions is supported.	5.(1) Do you	consider the do	ocument is Sound	d?
