What does 'legally compliant' mean?

What does 'Sound' mean?

Soundness may be considered in this context within its ordinary meaning of 'fit for purpose' and 'showing good judgement'. The Inspector will use the Public Examination process to explore and investigate the plan against the National Planning Policy Framework's four 'tests of soundness' listed below. The scope of the Public Examination will be set by the key issues raised by responses received and other matters the Inspector considers to be relevant.

What makes a Local Plan "sound"?

Positively prepared - the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development.

Justified – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence.

Effective – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities

Consistent with national policy – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework

Representations must be received by Wednesday 4 April 2018, up until midnight.

CPRENorthYorkshire are satisfied that Policy H1 is sound and welcome the inclusion of the second paragraph setting out the circumstances where applications will be approved on allocated sites to bring forward such sites ahead of their proposed phasing in the plan to provide clarity for communities and developers alike. CPRENorthYorkshire also welcomes the acknowledgement within policy for the need to retain valued existing open space on sites and the requirement for assessment should development allocations be brought forward.

Paragraph 5.16 in the textual justification goes on to set out how CYC has worked with neighbouring authorities under the DtC to establish whether the Council needs to provide additional land to address any shortfall of land in those areas which constitute the York housing market areas, stating that they do not. CPRENorthYorkshire would seek further clarification on this matter as they have concerns that proposed developments in Pocklington and Stamford Bridge (East Riding of Yorkshire) and Green Hammerton (Harrogate Borough Council) and with in Selby District may impact detrimentally upon the setting and infrastructure provisions of the City of York. CPRENorthYorkshire believes that some of the population forecasts utilised by GL Hearn to provide the OAN figure, may transpire to accommodate themselves in these areas and commute to either York, Leeds or Harrogate instead. CPRENorthYorkshire is therefore concerned that 'double-counting' may have occurred in some of these areas and may have artificially increased the OAN for wither City of York or these adjoining areas.

6. (1) Please set out what change(s) you consider necessary to make the City of York Local Plan legally compliant or sound, having regard to the tests you have identified at

question 5 where this relates to soundness.

You will need to say why this modification will make the plan legally compliant or sound. It will be helpful if you could put forward your suggested revised wording of any policy or text.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further representations will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7.(1). If your representation is seeking a change at question 6.(1), do you consider it necessary to participate at the hearing sessions of the Public Examination? (tick one box only)

No, I do not wish to participate at the hearing session at the examination. I would like my representation to be dealt with by written representation

Yes, I wish to appear at the examination

If you have selected **No**, your representation(s) will still be considered by the independent Planning Inspector by way of written representations.

7.(2). If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Please note: the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the hearing session of the examination.
