What does 'legally compliant' mean?

What does 'Sound' mean?

Soundness may be considered in this context within its ordinary meaning of 'fit for purpose' and 'showing good judgement'. The Inspector will use the Public Examination process to explore and investigate the plan against the National Planning Policy Framework's four 'tests of soundness' listed below. The scope of the Public Examination will be set by the key issues raised by responses received and other matters the Inspector considers to be relevant.

What makes a Local Plan "sound"?

Positively prepared - the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development.

Justified – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence.

Effective – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities

Consistent with national policy – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework

Policy H10 is supported in so much that the Council have recognised that all sites promoting more than 2 units are capable of contributing to the provision of affordable housing either on or off-site in way of a financial contribution.

CPRENorthYorkshire support the recognition through the City of York Affordable Housing Viability Study (2010) and Annex 1 (2011) supported by the CIL Viability Assessment (2017) that developments within York should be able to provide the target levels of affordable homes. In order to speed up delivery of these, the Council have stated that where submissions meet these targets, no site assessment will be required. However, they have indicated within the Policy that where a developer does not believe the criteria or targets can be achieved they have the opportunity (via an open-book assessment) to demonstrate this to the Council's satisfaction. All too often, developers promise the delivery of affordable housing, across North Yorkshire, and then argue that these units cannot be delivered on viability grounds. CPRENorthYorkshire, therefore, welcomes the robust approach taken by the Council with this policy.

6. (1) Please set out what change(s) you consider necessary to make the City of York Local Plan legally compliant or sound, having regard to the tests you have identified at

question 5 where this relates to soundness.

You will need to say why this modification will make the plan legally compliant or sound. It will be helpful if you could put forward your suggested revised wording of any policy or text.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further representations will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7.(1). If your representation is seeking a change at question 6.(1), do you consider it necessary to participate at the hearing sessions of the Public Examination? (tick one box only)

No, I do not wish to participate at the hearing session at the examination. I would like my representation to be dealt with by written representation

Yes, I wish to appear at the examination

If you have selected **No**, your representation(s) will still be considered by the independent Planning Inspector by way of written representations.

7.(2). If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Please note: the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the hearing session of the examination.
